

Recovery and resilience facility

Key messages

Beneficiaries Member states

Funding

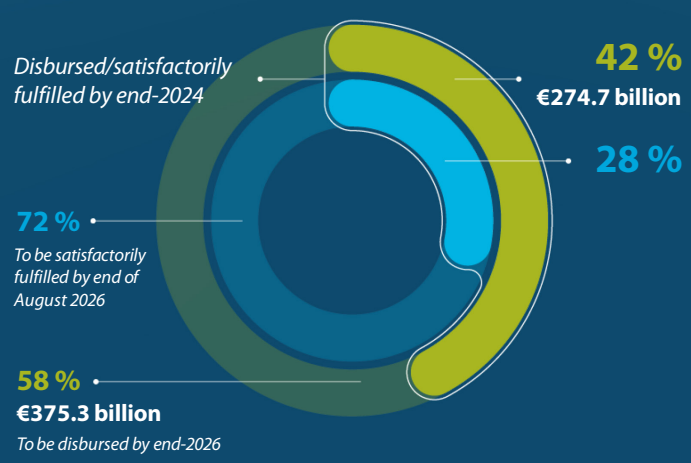

Large-scale borrowing from markets; national co-finance not mandatory

Includes reforms in addition to investments to address country-specific challenges

Payments

Not linked to actual costs, but based on satisfactory fulfillment of milestones and targets

- Funding
- Milestones and targets

- Not a performance-based instrument
- Limited focus on results; no information on actual costs
- Not clear what we got for the money
- Incomplete picture of who the final recipients are
- Payment conditions not clearly defined
- Risk of overlap with other EU funds
- Insufficient assurance that control systems adequately protect EU financial interests
- Funds recovery only possible in specific cases
- Measures not always addressing key challenges
- Funding not always proportionate to progress
- Borrowing brings risks
