

# The European Border and Coast Guard

## Agency's reply

**45.** In order to fully benefit from the change introduced by the 2019 EBCG Regulation and upon Frontex Management Board's adoption of the implementing acts on personal data processing, Frontex and Europol plan to develop a new Working Arrangement that would reflect both agencies' new mandates and will facilitate the exchange of personal data. Moreover, the planned exchange of Liaison Officers between both Agencies should further contribute to the enhanced cooperation and information exchange.
