EU auditors issue Opinion on Community Plant Variety Office's financial rules

Today the European Court of Auditors published an Opinion on the proposed financial regulation of the Community Plant Variety Office (CPVO) located in Angers (France).

The proposal lays down the financial provisions for the EU body responsible to register and examine applications for the grant of Union industrial property rights for plant varieties and to ensure that the necessary technical examinations are carried out by the competent offices in the Member States.

The ECA provides opinions on new or updated laws with a significant impact on EU financial management. The Opinion No 3/2019 is available on the ECA website (eca.europa.eu) in English.
