

**Frank Lee**, Head of Division - Financial Instruments Advisory, European Investment Bank (“EIB”)

Frank is responsible for EIB’s contribution to the fi-compass platform, as well as the Bank’s bespoke advisory services related to the design, set up and implementation of financial instruments of Managing Authorities and other public bodies across Europe.

Frank has been involved in the world of financial instruments since 2007, contributing to the launch of the “JESSICA” initiative, undertaking financial instrument feasibility studies across Europe, and eventually establishing the Bank’s fund management activities in this regard.

Prior to joining the advisory department of the EIB, Frank was responsible for managing (as a fund of fund manager) and/or lending to financial instruments across Western and Northern Europe. Previous positions in EIB include senior debt investments in cities and social infrastructure projects in the UK, Ireland, Denmark, Croatia and Turkey.

Frank is a Chartered Accountant and Chartered Financial Analyst.
